PISTOL GRIP  
CAB CONTROL

## XKE Large Area Coverage ULV

### Standard Features on the XKE

- Electrically controlled spray nozzle
- Pistol grip cab control with on/off, start, and spray on/off switches
- Separate formulation pump
- Belt driven compressor
- Kohler 8.5hp OHV Command engine
- Conforming Metal Fuel Tank with pour filter

The XKE heavy duty ULV cold fogger offers rock solid dependability. This machine has been a performer in our line nearly two decades. It has proven to be extremely popular with users everywhere in the world. People like it's simplicity and nearly everyone can operate it without special training. Repairs are done with ease. It also is a workhorse that dispenses micron-sized droplets at flow rates up to 18 ounces per minute. It provides industry and government agencies with large area coverage at a modest price

### Optional:

- XKE is also available as an XK"D" which replaces the gas engine with a Kohler diesel powered 4 cycle KD350D
- Contact London Fog to learn about wireless remote options
